

Immanuel Christian School
Individual and Group Music Instruction Application
2010-2011

Your child has an opportunity to learn an instrument one-on-one from a professional musician. These Christian musicians work with your child's classroom teacher to develop a schedule for lessons that will least conflict with classroom instructional time.

The cost for each lesson during the school day is \$20 and must be paid directly to the instructor. All students will have 25-minute lessons with teachers escorting students to and from the classroom. Students will also have the opportunity to perform in a recital in May along with the many benefits and blessings that come from the discipline and skill of playing music.

Please note that contract agreements may differ between instructors for after school lessons.

All students taking individual lessons are strongly encouraged to join one of the school's Orchestra groups to gain ensemble experience as well.

Student: _____

Grade: _____

Parent: _____

Phone: _____

Email Address: _____
